## Appeal

---

Aluminium Extruders' Council (Alex) is pleased to announce its 10th Conference on Aluminium Extrusions in Goa.

Traditionally major share of Aluminium Extrusions is consumed by Building Construction sector.

In last few years, there are lot of innovations in manufacturing technologies to suit to emerging new applications for aluminum Extrusions- Automotive, Defense, Shipbuilding, Metro Rails, Freights Wagons, Renewable Power and EVs are some of them. This conference, therefore, will be focusing on New Applications and challenges for Aluminium Extrusion and Related Industries.

The two days conference will be covering presentations from experts on various topics related to these applications.

We eagerly look forward to meet you, after a long gap, in Goa on 16-17 February 2023.
